ANTI-FREEZE WINDSCREEN WASHER -18°C

BROOK'S

TECHNICAL INFORMATION

DESCRIPTION AND APPLICATION

ANTI-FREEZE WINDSCREEM WASHER is a liquid product for direct use for cleaning and degreasing vehicle windscreen.

PROPERTIES

- Used pure it protects up to **-18°C**
- It delays the adhesion of dust and impurities, easily dissolves fats and oils, eliminates insects and organic remains embedded in the windscreen and facilitates the subsequent function of the wiper arm, smoothing its slide, providing excellent vision.
- It contains antifreeze that guarantees its use in winter at low temperatures, while it can act as a windscreen defroster.
- It contains surfactants with great detergent power that eliminate fats, oils, etc.
- Extraordinary cleaning power is obtained thanks to its low viscosity and surface tension, allowing excellent vision.

TYPE ANALYSIS

PARAMETERS	UNITS	VALUE
Appearance and color	-	Blue translucent liquid
Density at 20°C	g/cc	0,970
Pour point	°C	-18°
pH	-	6-8

The characteristics mentioned represent typical values.

HOW TO USE

Empty the contents of the container into the windscreen washer reservoir.

STORAGE CONDITIONS AND EXPIRATION

Store containers between 5 and 35 °C, in a dry and well-ventilated place, away from heat sources and direct sunlight. Keep away from ignition points. Keep away from oxidizing agents and strongly acidic or alkaline materials. As general storage conditions, sources of heat, radiation, electricity and contact with food should be avoided.

Best before date: 2 years.
