

### TECHNICAL INFORMATION

#### DESCRIPTION AND APPLICATION

Long-lasting **concentrated organic antifreeze-coolant liquid**. Recommended use in cooling circuits of light vehicles and large engines.

#### PROPERTIES

- **Organic** technology, multi-metal protection. It contains organic anticorrosive, antioxidant and antifoam additives, providing adequate protection for all parts in contact: aluminum block and components, thermostat, hoses, water pump, etc.
- Free of **nitrites, amines, phosphates and silicates**.
- Due to its anticorrosive properties, it protects all components used in the cooling systems of all types of engines.
- Compatible with gaskets and elastomers used in cooling systems.
- Protection against cavitation.
- Prevents the formation of limescale deposits as it is formulated with demineralized water.

#### SPECIFICATIONS

UNE 26361-88	MIL E/L 1415c	VOLVO
SAE J1034	VW TL 774 D/F (G12/G12+)	MB 326.3
ASTM D3306	FORD WSS M 97B44 D	AFNOR NF R15-601
ASTM D4985	MAN 324 TYPE SNF	BS 6580

#### TYPE ANALYSIS

PARAMETERS	UNITS	VALUE
Color	-	Pind, yellow and green
Density (20°C)	g/cc	1,110
Freezing point 50% vol.	°C	-33
pH	-	8,9

The characteristics mentioned represent typical values

#### STORAGE CONDITIONS AND EXPIRATION

The product does not require special storage measures.

As general storage conditions, sources of heat, radiation, electricity and contact with food should be avoided.

Store closed containers between 5 and 35°C, in a dry and well-ventilated place.

Best before date: 2 years.

### TECHNICAL INFORMATION

#### HOW TO USE

Mix with distilled water in the following proportion:

PROPORTION OF ANTIBULL 100	PROPORTION OF WATER	PRACTICAL PROTECTION
5 LITERS	5 LITERS	-33°C
4 LITERS	6 LITERS	-25°C
3 LITERS	7 LITERS	-16°C
2 LITERS	8 LITERS	-12°C
1 LITERS	9 LITERS	-5°C

#### PRODUCT SAFETY

##### Warning:

- H302 Harmful if swallowed.
- H373 May cause damage to organs through prolonged or repeated exposure.

Contains: ethanediol, ethylene glycol.

“Always follow the information on the product label”.
